

Town of Wilkeson

Office of Town Clerk

December 16, 1927

Office of State Treasurer
State Capitol
Olympia, WA

.Due upon receipt \$56,718.50

Dear Sir,

Attached you will find the contract executed between the Walker Cut Stone Quarry and The State of Washington for furnishing of exterior cut stone above level 210' 6" for the legislative building of the Capitol Group for the state of Washington, at Olympia Washington.

The Town of Wilkeson received a request from the Walker Cut Stone Company to pay a past due invoice for stone furnished in the above mentioned contract. The quarry was facing layoffs due to this non-payment and in order to keep workers from being laid off before Christmas, the Town of Wilkeson agreed to make this payment on behalf of the State of Washington Capitol Committee.

It is of the utmost importance that the Town of Wilkeson be reimbursed for this invoice, and the interest listed as a penalty for non payment. Please send payment upon receipt. Interest penalties will be charged at the amount of 5% for each month until the sum is paid in full.

Signed,

Mayor

Mayor Ellis.

I want to thank you for the payment of \$56,718.50. I was facing a difficult decision of having to lay off men before Christmas, due to the State not paying their final debts from the Stone provided at the Capitol Building. I will continue seeking repayment for these debts from the State, but this money will allow us to continue operations through the Holidays and I can speak for myself and my men when I say thank you.

Thank you,

R. G. Walker, President
