Q1: Do you think that police should be allowed to pursue suspected criminals?

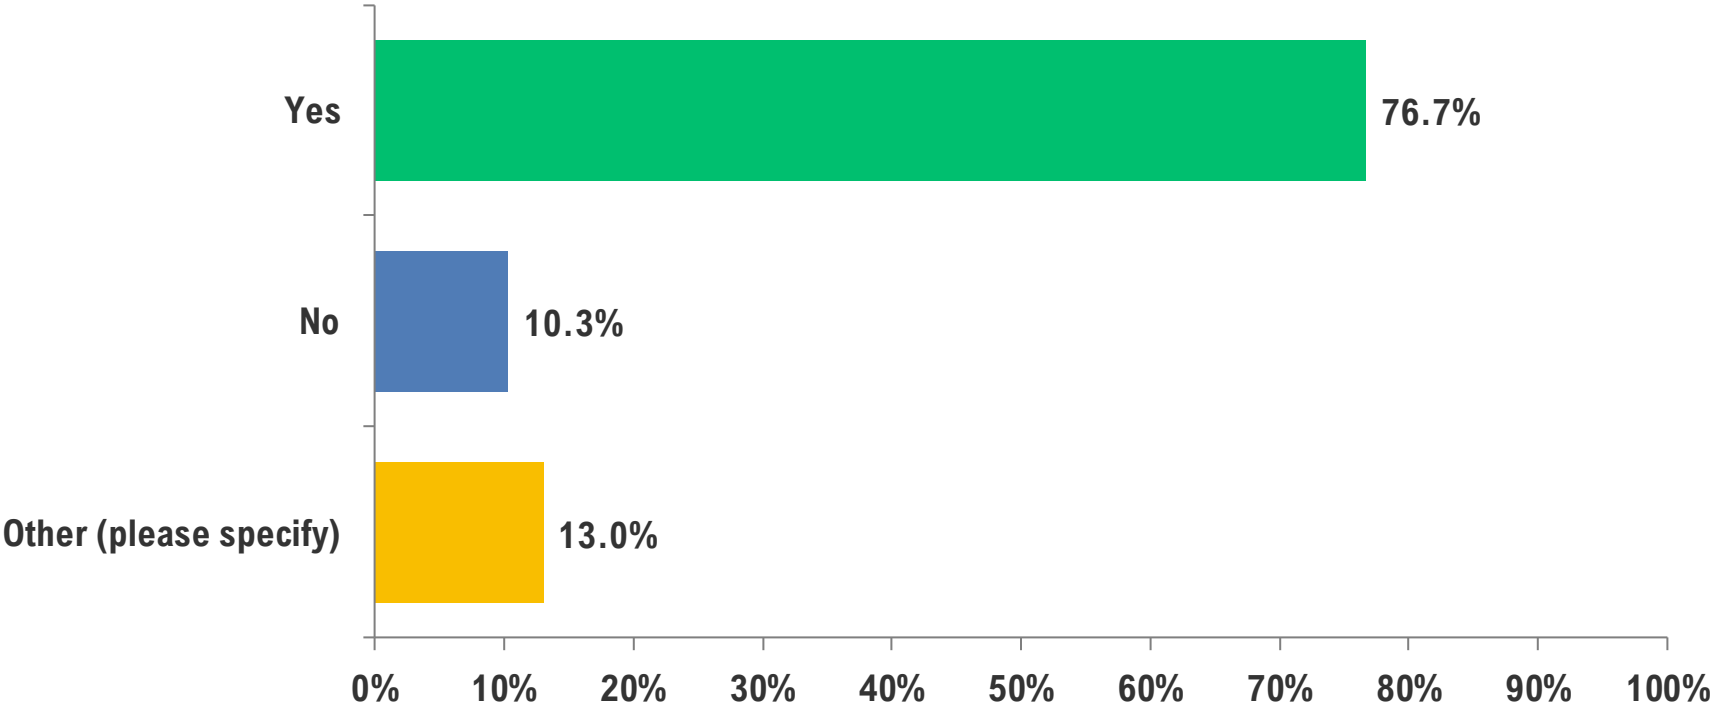

Q2: The governor has spent \$143,000,000 on clearing homeless encampments on state property. That equates to over \$110,000 per person to clear the camps, over \$160,000 for those who accepted housing, and over \$1,000,000 per person to "exit homelessness." Given this information, how do you view the state's response?

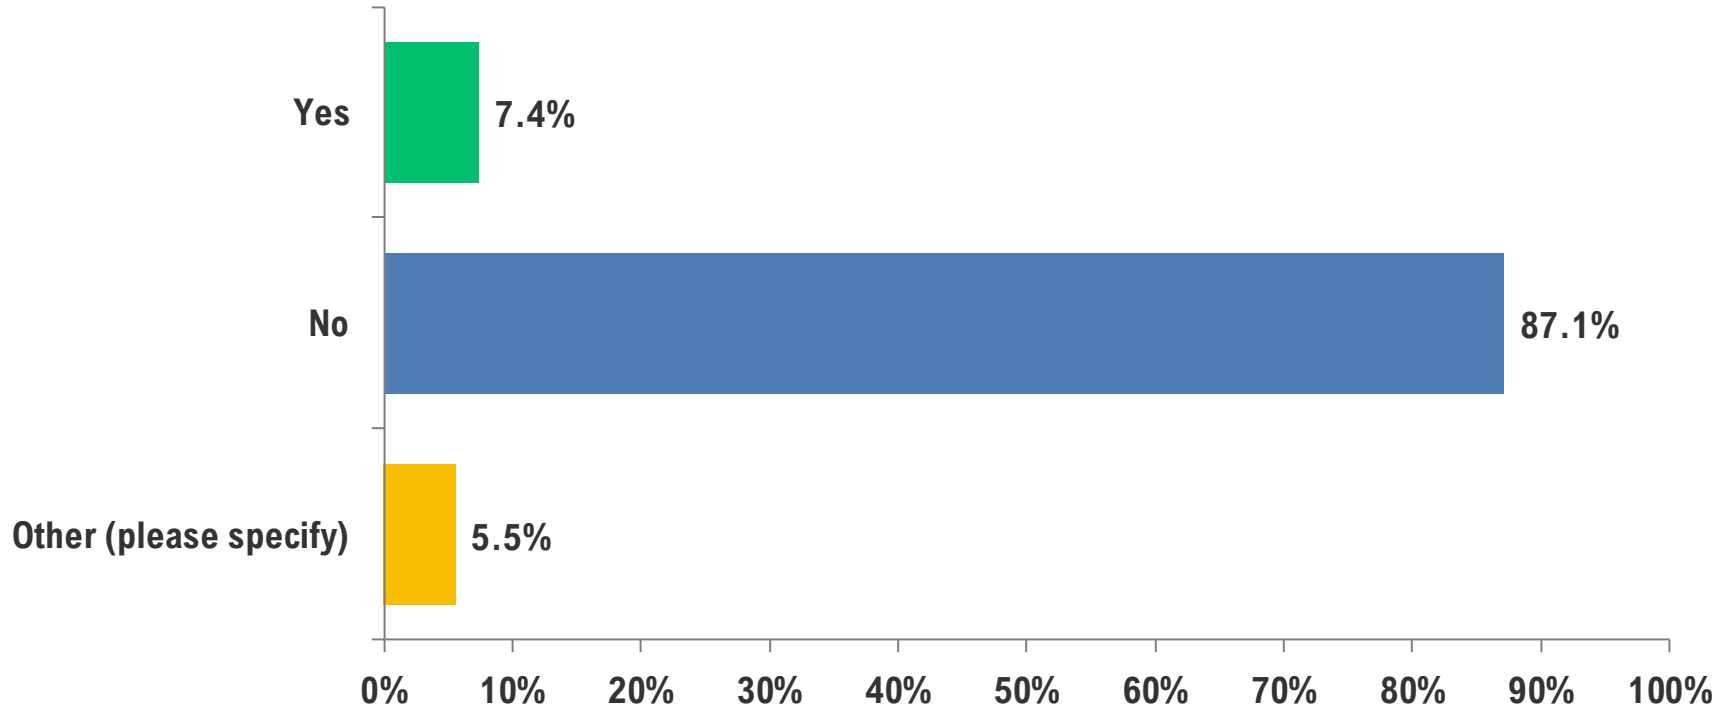

Q3: Would you support my proposal to move people off the streets into secure shelter areas with counseling that prohibits drug and alcohol use with existing tax dollars?

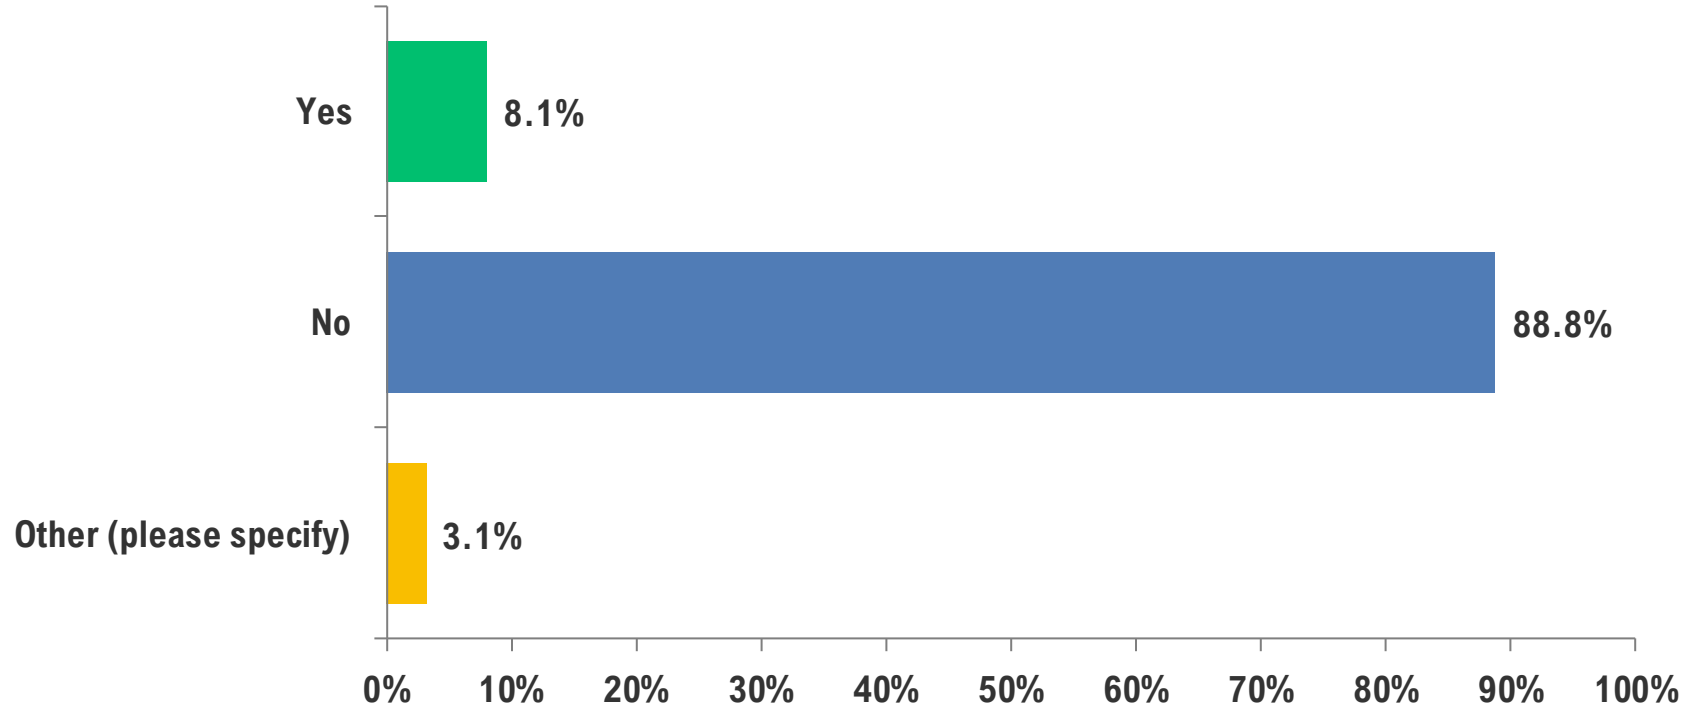

Q4: Would you support my proposal to reduce taxes, permitting fees and regulations on small starter homes for first time homebuyers that would lower mortgage payments by \$600-\$800 per month?

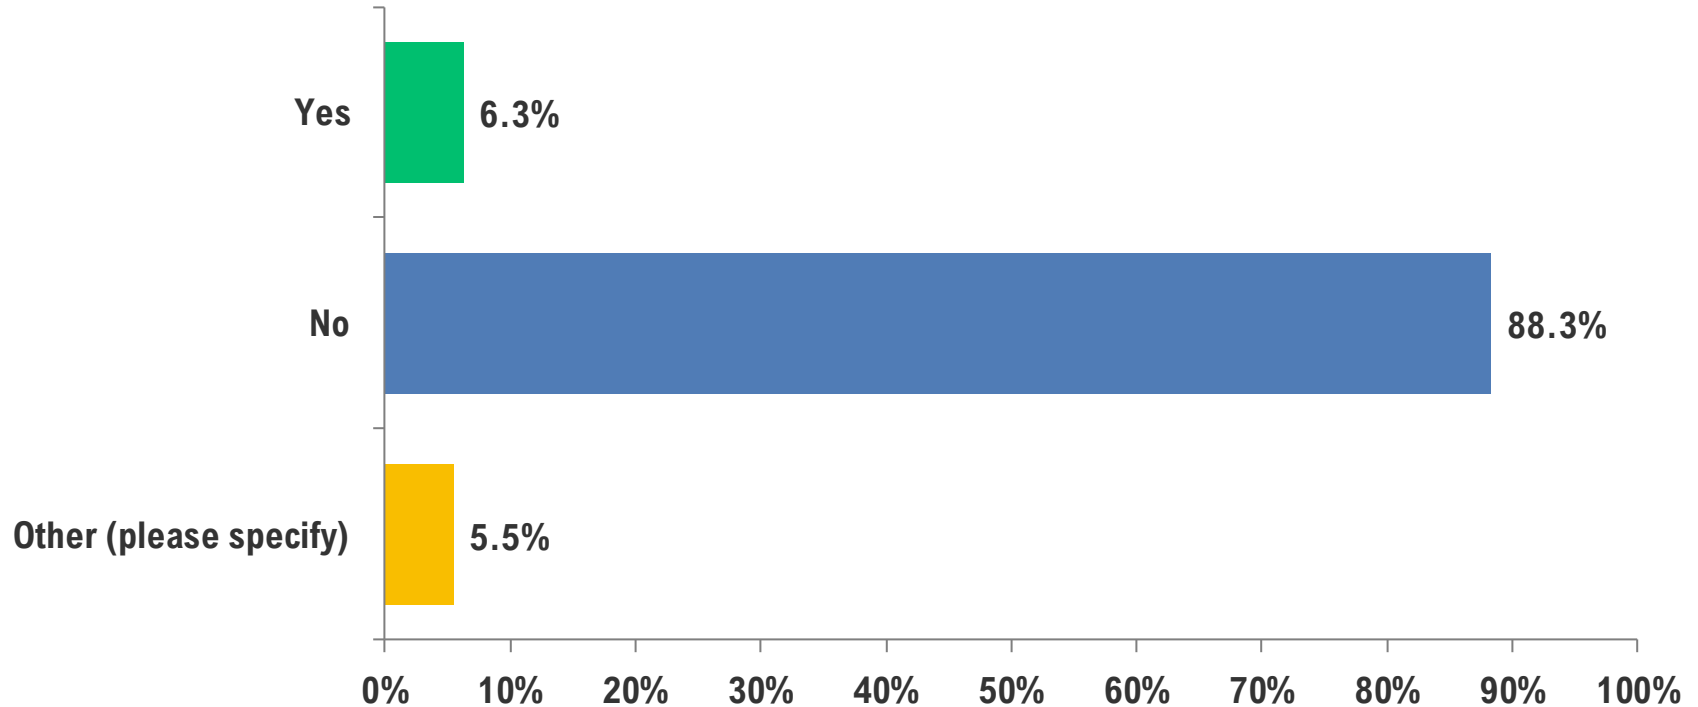

Q5: Do you support the payroll tax to fund a state-run long-term care program to cover approximately 90 days of care that you cannot take out of state?

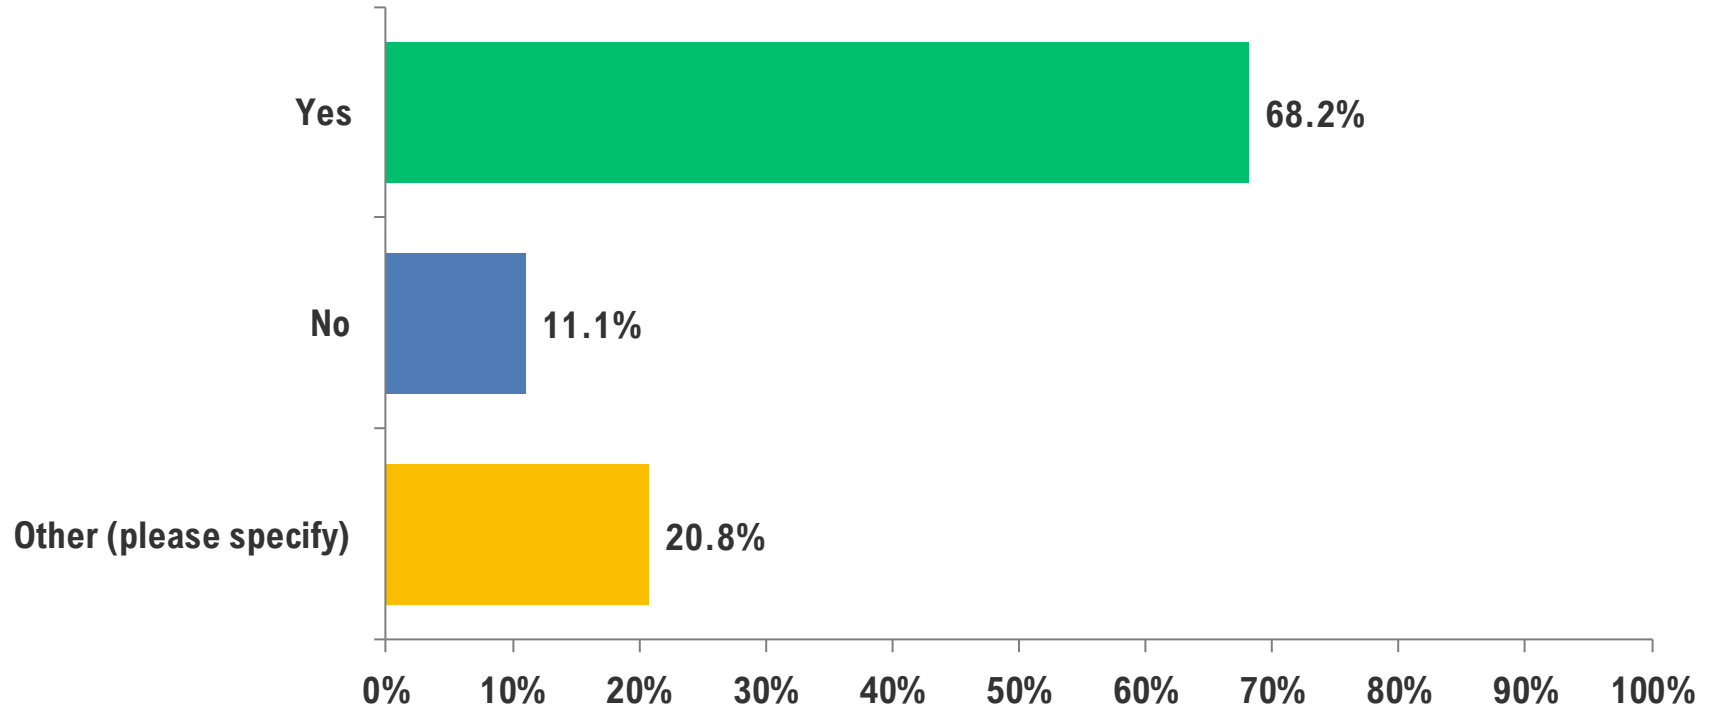

Q6: Should the state continue to impose a carbon tax that has resulted in an increase in gas prices by more than 50 cents per gallon?

Q7: Are you willing to pay more in carbon taxes to support a green climate agenda that increases your transportation costs and contributes to inflation without significantly improving the environment?

Q8: Do you think that only a doctor should be able to perform an abortion?

Q9: Please rank these policy issues in order of importance to you.
